It is difficult to explain a typical week, but the summary above is typical of Traidhos Summer Camp period.

Camps are a mix of residential and day camp, lasting a week to 14 days at a time.

During the Summer camp period most campers will be from China, Hong Kong, Taiwan or south Korea.

You would meet campers for breakfast and keep them safe while facilitating games and activities mostly on campus throughout the day. Day camp may run from 0830 – 5pm depending on the age of the campers. Residential camp is a 24 hour camp. You are likely to work either the day program or the evening and night supervision program. Most activities are on our extensive campus. Most camps have at least one outing each week (age 9 – 12 camps only).

We aim to give 2 non contact days a week, or time off between camps for you to relax and recharge. The days off may not be next to each other.
